JOSEPH W. DUDLEY, *City Treasurer.*

Roxbury, May 21, 1867.

CITY OF ROXBURY, MAY 25, 1867.

I hereby certify that at the request of the Committee on Finance of the City Council, I have examined the accounts of JOSEPH W. DUDLEY, City Treasurer, for the year ending April 30, 1867, and find the same are correctly cast, and that the receipts and disbursements entered therein are sustained by the necessary vouchers.

C. G. REYNOLDS.

CITY OF ROXBURY, MAY 27, 1867.

The Joint Standing Committee on Finance, in compliance with the provisions of an Ordinance entitled, "An Ordinance relative to the Finances of the City," hereby submit their annual report of the Receipts and Expenditures of the City Treasurer for the financial year ending April 30, 1867. In accordance with the provisions of an order adopted by the City Council, March 25, 1867, the Committee employed Mr. Charles G. Reynolds to examine and audit the Accounts of JOSEPH W. DUDLEY, City Treasurer, and they herewith submit the written certificate of Mr. Reynolds, that the same are correctly cast and that the receipts and disbursements are sustained by the necessary vouchers.

We find that there has been received into the Treasury at sundry times within the year ending April 30, 1867, the sum of *seven hundred seventy-four thousand two hundred thirty-five and 16-100 dollars*, which, with the balance on hand May 1, 1866, of *twenty thousand three hundred ninety-two and 44-100 dollars*, makes a total receipt of the year of *seven hundred ninety-four thousand six hundred twenty-seven and 60-100 dollars*; and there has been paid out from the Treasury during the same period, the sum of *seven hundred sixty-nine thousand eight hundred seventy-nine and 7-100 dollars*; leaving a balance in the Treasury, May 1, 1867, of *twenty-four thousand seven hundred forty-eight and 53-100 dollars*.

Roxbury, May 21, 1867.

JOSEPH W. DUDLEY, *City Treasurer.*

CITY OF ROXBURY, MAY 25, 1867.

I hereby certify that at the request of the Committee on Finance of the City Council, I have examined the accounts of JOSEPH W. DUDLEY, City Treasurer, with the Commissioners of Forest Hills Cemetery, for the year ending February 1, 1867, and find that the same are correctly cast, and that the receipts and disbursements entered therein are sustained by the necessary vouchers.

C. G. REYNOLDS.

CITY OF ROXBURY, MAY 27, 1867.

The Joint Standing Committee on Finance, in compliance with the provisions of an Ordinance, entitled "An Ordinance relative to the Finances of the City," hereby submit their annual report of the receipts and expenditures of JOSEPH W. DUDLEY, City Treasurer, with the Commissioners of Forest Hills Cemetery for the financial year ending February 1, 1867.

In accordance with the provisions of an Order adopted by the City Council, March 25, 1867, the Committee employed Mr. Charles G. Reynolds to examine and audit the accounts of JOSEPH W. DUDLEY, City Treasurer, with the Commissioners of Forest Hills Cemetery, and they herewith submit the written certificate of Mr. Reynolds, that the same are correctly cast and that the receipts and disbursements are sustained by the necessary vouchers.

We find that there has been received into the Treasury, on account of the Cemetery, at sundry times within the year ending January 31, 1867, the sum of *eighty-nine thousand one hundred eighty-four and 55-100 dollars*, which, with the balance on hand, February 1, 1866, of *two thousand five hundred forty-three and 88-100 dollars*, makes a total receipt of *ninety-one thousand seven hundred twenty-eight and 43-100 dollars*; and there has been paid from the Treasury during the same period, on the order of the Commissioners, the sum of *eighty-six thousand three hundred four and 85-100 dollars*; leaving a balance in the Treasury, February 1, 1867, of *five thousand four hundred twenty-three and 58-100 dollars*.

Of the 1,250 arrests, 832 were persons of foreign birth ; 247 were born within the limits of the United States, and 171 were born in Roxbury ; 186 were females, and 276 were minors.

Eight hundred and twenty-three persons were provided with lodgings in the lockup during the year. Of these, 581 were foreigners ; 231 were natives, and 11 were born in Roxbury ; 107 were females, and 70 were minors.

The expenses of the Department for the year were as follows :—

For pay of police and watch, ...	\$28,025 01
Incidental expenses, ...	1,019 00
Earnings of the Department in	
Court fees, ...	2,090 80
Received of men for buttons, ...	25 75
	2,116 55
	\$26,927 46

The fees of the police are drawn by the Clerk of the Court, and by him paid over to the City Treasurer.

The police force of the City consists of a Marshal, an Assistant Marshal and 28 men; 10 of this number are on duty during the day, and 18 constitutes the night police and watch. One of the day men has charge of the lockup and Police Court Room, and is also officer of the Court.

The Assistant Marshal has charge of the Station, keeps the daily records, and commits to Dedham the prisoners who are sentenced by the Police Court.

For the past four years the Day Police have been required, in turn, to remain at the lockup during the night, to attend to the wants of the prisoners and the calls from citizens and persons applying for lodging; and although they are permitted to retire and get what sleep and rest they can, I am fully satisfied that it is imposing a burdensome duty upon them, as they are liable to be disturbed several times during the night, thus rendering them unfit, oftentimes, for the duties of the following day, and I would respectfully recommend that they be relieved of that duty, either by the appointment of an additional Night Watchman, or by making it the duty of the officer having charge of the lockup during the day to perform the duties during the night that are now performed by the Day Police, with such additional compensation as shall be deemed sufficient for the extra duty.

The duties of a police officer are various, and oftentimes arduous and perplexing.

The reported number of arrests is no indication of the amount of labor performed, as many family quarrels, among the lower class, are settled by aid of the police, and many a poor unfortunate is taken to his home, and no record made of it that ever meets the public eye.

The desire that has been entertained by a portion of our citizens, for a long time, of uniforming the police, has at length been gratified by the adoption of a uniform by the action of the City Government, and the men are thereby very much improved in appearance, if not in efficiency. The Department is composed of men equal to the duties assigned them, and no reason exists

why they should not perform those duties with faithfulness and fidelity.

During my short experience as City Marshal, I have found the men, generally, ready and willing to assist me in the discharge of my own duties, by discharging theirs with promptness and efficiency.

There have been, during the past year, 26 committals to the school at the Almshouse, for truancy, of which number 20 now remain. Truancy, which was at one time a growing evil, seems to have received a decided check by the re-establishment of the Truant School.

A good understanding exists between the teachers of the several public schools and the Police Department on this subject, and with the dread the children entertain of the school at the Almshouse, and the continued efforts of the teachers and officers, I think, ere long, truancy will be classed among the things that were, and but a small appropriation will be required to support the Truant School.

I regret to say that intemperance continues to be a prevalent evil in our midst, notwithstanding the efforts that have been made during the past year to suppress the sale of those poisonous drinks that are so ruinous to the prosperity of the poorer classes of our population, and which is the cause of most of the crime and pauperism in our City. Five hundred and fifty persons have been arrested during the past year for drunkenness, and, doubtless, as many more have either been helped home, or allowed to go without arrest, by the officers. It is believed that more than one hundred places are now supported wholly, or in part, by the sale of intoxicating liquors. In most of these places it is kept out of sight, for fear of prosecution. A great many complaints have been made and convictions obtained by the State Constabulary, the effect of which seems to be to compel the proprietors to move their liquors to some more secluded part of the building, where none but the initiated are admitted, thus eluding the vigilance of the officers and making it very difficult to get evidence to convict. I am of the opinion that a well regulated, stringent license law would remedy the evil to a much greater extent than the present

prohibitory law, and trust that the wisdom of our legislators will soon suggest a method by which the evil may be remedied, and enact a law in accordance therewith.

The City has been remarkably quiet during the past year, both as regards crime and fires. With the exception of one capital crime, committed last March, our community has been quite free from crime of a very aggravated nature.

The rooms occupied by the Department are in good condition, as is also the lockup, and every thing is done by the officer in charge that the accommodations will admit of, for the comfort of the poor unfortunates that are from time to time confined there, either for crime or from necessity, as lodgers.

The City Government of last year will please accept my thanks for the confidence reposed in me, and my thanks are also due the members of the Police Department, and all others who have assisted me in the discharge of my official duties.

Respectfully submitted,

JOSEPH HASTINGS,
City Marshal.

R E P O R T
OF THE
AGENT OF OVERSEERS OF THE POOR.

To the Overseers of the Poor of the City of Roxbury :

GENTLEMEN—The following report is made in accordance with the required report of Overseers of the Poor to the State, from October 1st, 1865, to October 1st, 1866. No other report has been prepared for the financial year ending January 31st, 1867.

There has been expended for the poor, out of the Almshouse, for the year preceding October 1st, 1866, \$3,617.32. Expense for Truant School, charged to the Poor Department, \$4,026.98. The expense of supporting poor in Almshouse, Insane Hospital, State Nautical and State Reform Schools, \$7,256.59 :—making, in the aggregate, \$14,900.89 expended by Overseers of the Poor for the Almshouse and Poor Department for one year ending September 30th, 1866.

IRA ALLEN,
Agent of Overseers of the Poor.

Passed in Board of Overseers.

IRA ALLEN, *Secretary.*

REPORT OF THE PHYSICIAN TO THE ALMS- HOUSE.

ROXBURY, FEB. 1, 1867.

To the Board of Overseers of the Poor :

GENTLEMEN—There has been but a limited amount of sickness at the Almshouse during the past year—in all, numbering thirty-four cases. Of these, the most noticeable have been, three cases of Typhoid Fever ; of General Debility, three cases ; of Syphilitic Disease, three cases ; of Scabies, six cases ; of Herpes Tonsurans, three cases ; one case of Hemiplegia ; one case of Paraplegia ; one of Dysentery ; one of Heart Disease ; one of Dropsy, and two cases of Pneumonia.

There have been four deaths—one from Heart Disease, one from Dropsy, one from Typhoid Fever, and one from Double Pneumonia.

There has been one birth.

The sanitary condition of the house is excellent, and it still enjoys its very enviable reputation as a home for the destitute. Under its present management, nothing seems wanting for the comfort and happiness of those within its precincts, and its inmates and the poor of Roxbury in general may well lament any change which may hereafter be made in their Almshouse.

Respectfully submitted,

GEORGE J. ARNOLD, M. D.,
Almshouse Physician.

SECOND ANNUAL REPORT

OF THE

STEAM FIRE DEPARTMENT.

To his Honor the Mayor and City Council :

GENTLEMEN—In compliance with the City Ordinance, I herewith submit the Second Annual Report of the Steam Fire Department. The officers and members of our organization have promptly attended to the duties required of them, and I am under great obligations to the Chairman and the other members of the Committee on the Fire Department, for the interest they have taken in the affairs of the Department during the year.

Notwithstanding the limited supply of water at our command, in case of fire, we have the smallest Fire Department of any city in the State, with but one exception, and I do not propose to recommend to increase it this year, only to have a hose carriage to take the place of the hand hose carriage in use by Cochituate Co. No. 1, which is too small. The several houses belonging to the Department are all in good order, with the exception of the one occupied by Cochituate Hose Company. I recommend that a new house be built for them this year.

One Reservoir was built on Heath Street, opposite Heath Place, and two hydrants attached to the Cochituate water pipe on Tremont Street, one near the corner of Tremont and Culvert Street, and one opposite Hook's Organ Factory. I recommend that a branch of the Cochituate water pipe be laid on East Street, as far as George Street, with a suitable number of hydrants, to be used in case of fire. The several Engines have been provided

with runners, to be used in case of a heavy fall of snow. Twenty-five hundred feet of hose was bought the past year, and I recommend that fifteen hundred feet be got this year.

The accompanying documents give a full report of the members of the Fire Department, condition of the Engines and apparatus, list of Hydrants and Reservoirs, and the general condition of the Department.

Respectfully submitted,

JAMES MUNROE,
Chief Engineer.

Accepted and sent down with instructions to cause the same to be printed with the Receipts and Expenditures of the City.

REPORT

OF THE

COMMISSIONERS OF FOREST HILLS CEMETERY.

THE Commissioners of Forest Hills Cemetery, in accordance with Legislative Enactment, herewith respectfully submit their

NINETEENTH ANNUAL REPORT.

LABOR PERFORMED. The amount of labor performed in the Cemetery, though somewhat less than the previous year, has required sixty-four men, on an average, the whole time to accomplish it. From seventeen hundred feet in length of the avenues, the loam has been removed, and the excavation filled with stone and covered with gravel. Four hundred feet of the paths have been prepared in the same manner. This process of preparing the avenues and paths of our Cemetery, making the drives and walks as perfect as possible, commenced early in its history. Since the first year, some portions of them have annually been finished in this most thorough manner, thus insuring the comfort and the gratification of all who, for any cause, in solemn procession or otherwise, may visit our Forest Hills.

Economy will not permit our finishing the avenues and paths in this permanent manner as fast as they are opened, or as fast as may seem desirable. The materials are not at hand, and could not be at once procured without great and really needless expense. But as they are produced by the blasting and trenching necessary in preparing lots, they are used for this purpose.

Three thousand feet of gutters, also, have been paved on those parts of the avenues and paths where most needed, on account of their liability to be gullied by heavy rains.

NEW AVENUES AND PATHS. The following new avenues and paths have been opened and named during the year, viz. :— Chestnut, Lawn, Birch and Dell Avenues; and Daphne, Clover, Fern, Harebell and Wistaria Paths; others have been laid out and partly made.

LOTS. One hundred and twenty lots have been sold during the year. Several others were engaged late in the season, in parts of the grounds not then trenched, which were not finished in time to be deeded, and, therefore, do not appear in the receipts of this report. One hundred lots were finished during the last season, and there are on hand, at the present time, ninety finished lots unsold, besides many others so far advanced that they can be completed early in the spring.

FIELD OF MANOAH. One hundred and forty-four graves were sold during the year in the Field of Manoa; and sufficient ground has been trenched and prepared for one hundred and fourteen graves not yet sold.

MONUMENTS AND FENCES. Twenty monuments, besides many tablets and headstones have been erected.

Twenty-one lots have been enclosed with granite, three with iron, and five with hedges; and from six lots the iron fences, with which they were enclosed, have been removed.

INTERMENTS. The whole number of interments the last year, not including those in free grounds, was six hundred and sixty; which is less by thirty-five than in the previous year, and eighty-eight less than in 1864.

TOMBS. One Catacomb Tomb has been constructed the last year by C. W. Cartwright, Esq., with wrought granite front. It is the first of the kind in our Cemetery, but we trust others

will soon follow the example of Mr. Cartwright, by building tombs of at least similar interior construction, while the taste of the persons erecting them, or of the architect employed, may give a large variety to the exterior, thus increasing the beauty of the grounds.

ADDITIONS TO THE CEMETERY GROUNDS. In the early part of the year covered by this Report, a piece of land containing about three acres was purchased on Canterbury Street, opposite the southerly end of the Cemetery, and near the point of a contemplated Gateway to the Cemetery, for entrance from said street. The object of this purchase was to secure a site for the buildings now standing on the Cemetery grounds, in order to have these grounds free to be used for the purpose for which they were originally designed.

In September last the Commissioners also purchased of Mr. A. J. Peters about twenty-one acres of land, bounded westerly by Cemetery grounds, and northerly by Forest Hills Avenue. From the first opening of the Cemetery, the Commissioners have regarded the possession of this parcel of ground as of great importance, if not indispensable, to the purposes of the Cemetery, but it could not sooner have been so economically secured. It was essential to the proper laying out and use of a portion of the Cemetery grounds adjoining it, and also to secure the control of Forest Hills Avenue, as a guaranty to the lot-holders against the establishment of any thing unsightly or injurious near the main entrance of the grounds; while it has become more and more evident every year that an enlargement of the grounds, such as this purchase secures, was highly important, in order to meet the future demands of the public for lots.

At the same time, in order to insure the control of both sides of Forest Hills Avenue, and also to furnish a more eligible site for the cottage occupied by the Superintendent, which the laying out of the Cemetery grounds rendered it necessary to remove, the Commissioners purchased of Mr. Isaac H. Cary, on the north side of the avenue, a strip of land containing about

two and one quarter acres, and measuring not less than seventy-five feet in width from the street in any part, and extending around to the north-western line of the Cemetery grounds. The cottage has already been removed to its new site.

These purchases enable the Commissioners to make some slight changes in Forest Hills Avenue, which will render the approach to the Cemetery Gate much more pleasant and attractive.

The whole amount of land now embraced in the Cemetery grounds, not including the late purchase on Canterbury Street, is one hundred and fifty-six acres.

The cost of the three parcels of land purchased the past year was \$27,078.90, all of which has been paid by the Commissioners. The entire cost of Cemetery lands, thus far, is \$77,293.57.

GATEWAY AND FENCE. Under the direction of the architect, C. W. Panter, Esq., the interior of the lodges have been finished, with the exception of painting. The space around the Gateway, between the lodges, has been flagged, with great care, with the best of North River stone, and the whole exterior of the Gateway has been carefully pointed.

The massive iron gates, for which a contract was concluded with J. Warren Tuck & Co., of Boston, have been made and hung according to plans furnished by Mr. Panter, and to the entire satisfaction of the architect and the Commissioners. We are confident that the verdict of an enlightened public taste will be that they are worthy the place they occupy in this beautiful structure.

The work of erecting a fence to enclose the grounds has been commenced, and about one hundred feet, extending from the north-westerly lodge, have been put up, conforming, in design and materials, with the Gateway.

RETROSPECT. It is now nineteen years since Forest Hills Cemetery was opened for the reception of our dead. During this period thirteen different individuals have been associated,

for a longer or shorter time, as Commissioners for its supervision. Of these, three have retired. Of the six earliest members of this Board, one, whose office, by limitation, now expires, still remains, while five sleep, one in a neighboring cemetery, and four in these sacred grounds, which their skill and taste adorned, and which they thus, with earnest zeal, prepared as the resting place of their own and others' dust. Their appropriate monument is this Forest Hills Cemetery, which, to so large an extent, their hands fashioned. They deemed it a worthy object of their effort thus to rob death of the terror with which a neglected and repulsive grave might invest it, and to spread around this silent resting place of the dead, which Christ by his brief sojourn in it had blessed, the living, blooming tokens of that resurrection of which His own gives assurance, and of that immortality to which he has opened the way. It would be strange, if, amidst the life and bloom and beauty which surround and embower these homes of the dead, the mind of the visitor, and especially of the stricken, who leave the dust of their loved ones enshrined among its sacred beauties, should not be carried forward and upward to that home

“Where naught that blooms shall die,”

and to Him, with new and fresher faith, who said, “I am the Resurrection and the Life.”

In the course of these nineteen years, not numbering those laid in the free grounds, eight thousand two hundred and ninety-nine have found their long rest in this sacred enclosure, here to await the morning of that resurrection. We need not anticipate the record of the nineteen years which shall succeed, in order to appreciate the importance of Forest Hills Cemetery, or to be impressed with the great moral lesson which its past crowding record teaches.

FUNDS. Besides the cash on hand, thirty thousand dollars are invested in United States and other bonds; and there is now due the Commissioners, on account of the Cemetery, about \$7,000 over and above their liabilities.

DEPOSITS. The amount deposited by lot owners for the perpetual care of their lots, is \$7,635.00.

The Commissioners would refer all lot owners to the article on the fifth page of the last Annual Report.

ALVAH KITTREDGE,

Chairman of the Commissioners of Forest Hills Cemetery.

ROXBURY, FEB. 20, 1867.

MEMORANDA FOR PROPRIETORS.

The Records of Deeds are kept in the City Hall, under the direction of the City Clerk, and are the only evidence of the title of a Proprietor recognized by the Commissioners; consequently, when a person receives a lot by transfer from a Proprietor, he should immediately send his deed at once to the City Clerk's office for record.

Care of Lots. A book is kept at the Superintendent's office at the Cemetery, in which are entered all orders for the care of lots. Proprietors should be particular to specify what care they desire to be devoted to their lots, and it is requested that all orders given should be in writing.

Flowers. Proprietors in want of flowers to beautify their lots will find them at the Cemetery by calling on Anthony McLaren, the gardener, with whom they can settle for the same.

Interments. For opening grave, making and recording interment, \$4. For opening grave, making and recording interment, for child under ten years, \$3. For opening tomb, making interment and record, from \$4 to \$5. For grave in "Field of Manoah," interment, record and stone No., \$16. For deposit in Receiving Tomb, \$15; (of which a part will be refunded in case of removal to any part of the Cemetery within sixty days.) For making a brick grave, interment and record, \$20.

The above sums are all payable at or before the time of interment.

Undertakers are required to have all orders for interment signed by the proprietor, or the proper authorized person, accompanied with the necessary town or city permit, as the interment cannot be made unless the above rule is strictly conformed to.

It is necessary, where there is so great a liability to make mistakes in names and dates for record, that the undertaker should be very particular, and require the friends of the deceased to see that all orders for interment are correct.

CEMETERY NOTICE.

For the information of those who do not know already, it may be well to state, that visitors can take the Dedham train of cars, and stop at the Forest Hills station, which leaves them within five minutes' walk of the Cemetery; or they can take the horse cars for Forest Hills, running over Shawmut Avenue every half hour. Any information relative to the Cemetery can be obtained of OLIVER MOULTON, Superintendent, at the grounds; JOSEPH W. TUCKER, City Clerk, City Hall, Roxbury; or either of the Commissioners.

 No Proprietor can be admitted to the Cemetery on Sunday unless he has a card of admission, which can be obtained of Jos. W. Tucker. Any other person who wishes to visit the Cemetery on Sunday, must obtain a pass.
